### Pioneer Minister Returns to Arizona

Rev. G. L. Pearson is in Phoenix for a brief visit. His residence is at Sacramento, Calif., where he is superintendent of that district of the Methodist church. He has a host of warm friends here who are giving him a cordial welcome, as this is his first visit here for years.

Rev. Mr. Pearson was one of the early day pastors of the Methodist church in Phoenix, coming here in April, 1882. He was also stationed in Prescott and Flagstaff for several years and then returned again to Phoenix in 1894, when he served a second term as pastor of the Phoenix church, when it was located on the present site of the Ford hotel. He resided for seven years in the Hawaiian islands, in the capacity of presiding elder, and was in Honolulu during the time the islands were annexed to the United States and participated in the ceremony.

### Trap Holds Hunter Who Dies of Thirst

The remote fastness of the Mogollon mountains were a few weeks ago the scene of a gruesome tragedy, the details of which were brought to Silver City by a cattleman who came in last week from that section, and the story is one that recalls all the cruel suffering inflicted by the Spanish inquisition in the old days. A lone trapper, whose name even cannot be learned, caught by both hands in a bear trap, fought a losing fight against death, the details of which can only be surmised from the surroundings, but which must have been terrible, even beyond human imagination. In the end death must have been most welcome. Silver City Independent.

### For Children there is Nothing Better

A cough medicine for children must help their coughs and colds without bad effects on their little stomachs and bowels. Foley's Honey and Tar exactly fills this need. No opiates, no sour stomach, no constipation follows its use. Stuffy colds, wheezy breathing, coughs and croup are all quickly helped. Will Marlar Pharmacy.—Advertisement.

## ARIZONA HAS MORE BIG TOWNS THAN NEW MEXICO

Postal Receipts for Past Fiscal Year More Than Double in This State

Although Arizona has only two-thirds of the population of New Mexico, yet, it has more large towns than this state, as is indicated by the postal receipts for the past fiscal year just made public by the postoffice department. Of nine cities whose receipts exceed \$20,000 a year, six are located in Arizona. Arizona postoffices in that class had more than double the receipts of New Mexico postoffices above the \$20,000 mark, to-wit, \$247,473, as against \$113,798 in New Mexico. The twenty postoffices with receipts of more than \$10,000 a year in two states rank as follows and at the same time indicate the twenty largest towns:

Phoenix	\$96,568
Albuquerque	63,298
Tucson	48,280
Bisbee	32,589
Roswell	26,584
Douglas	26,417
Santa Fe	23,916
Prescott	21,885
Globe	21,734
Raton	16,530
East Las Vegas	14,782
Silver City	14,013
Clifton	12,179
Deming	12,089
Yuma	11,853
Flagstaff	11,803
Clovis	11,184
Miami	11,114
Tucumcari	10,484
Las Cruces	10,058

The receipts are the money derived from the sale of stamps only.

In other words, Albuquerque has grown to be three times the size of Santa Fe, Tucson twice the size and Phoenix more than four times the size of the oldest city of them all, which thirty years ago was the largest town in the two commonwealths, and had a greater population than either El Paso or Colorado Springs or than both taken together, while forty years ago it was larger than Los Angeles and fifty years ago larger than Denver, and there was a day when it was the largest town in what is now United States and Canada.

### Serves 'Em Right

"The publishers and printers of the middle western states have registered a kick with Postmaster General Burleson because they are discriminated against by not being allowed the privilege of the parcels post. They certainly have a just cause of complaint. We suppose the department thinks that anyone who is fool enough to deliberately go into the printing business is not deserving of any consideration."—Globe Record.
